BIOMEEEK SENSIMETIC SOOTHING CREAM

Daily powerful moisturizing soothing cream containing Bio-mimetic component, similar to the skin lipid layer, further moisturizing and revitalizing dry, sensitive skin

Soothing sensitive skin / powerful moisturization / skin nourishment / strengthening the skin barrier

75ml / 2.53 FL.OZ.

01 BIO-MIMETIC

+ **Bio-mimetic** : Helpful in soothing sensitive skin as well as in strengthening the skin barrier

Bio-mimetic Gel Base

Based upon skin-friendly lipid component as well as other beneficial ingredients, this product strengthens the skin barrier and assists in powerful moisturization & soothing of the skin.

02 TRIPLE-HA(S)

+ **Triple-HA(s)** : Long lasting skin moisturization and protection of the skin tissue from external irritation

hyaluronic acid

Triple hyaluronic acid comprised of micromolecule and 2 macromolecules reaches the skin keratin layer and revitalizes moisture while preventing evaporation of moisture and thereby fosters rich, elastic skin.

03 MAXI BARRIER COMPLEX

+ **Maxi Barrier Complex** : Strengthening the skin lipid barrier / Reducing stress imposed upon the skin / skin nourishment

A complex comprised of Amino-cera, Nelumbo nucifera extract, and Bio-mimetic fluid tears, this product creates smooth barrier for the skin, prevents peroxidation of the skin, reduces stress upon the skin, and assists in skin nourishment and moisturization.
